HOW WE PROTECT YOUR PERSONAL DATA

We have put in place appropriate security measures to prevent your personal information from being accidentally lost, used or accessed in an unauthorised way, altered or disclosed. Unfortunately, however, the transmission of information via the internet is not completely secure. Although we will do our best to protect your personal data, we cannot guarantee the security of your data transmitted to our site; any transmission is at your own risk. Once we have received your information, we will use strict procedures and security features to try to prevent unauthorised access.

In addition, the personal information you provide to us is only available to authorised personnel of Junkyard Golf who need access to the information in order to fulfil their duties. They will only process your personal information on our instructions and they shall be subject to a duty of confidentiality.

We have put in place procedures to deal with any suspected data security breach and will notify you and any applicable regulator of a suspected breach where we are legally required to do so.

Once we no longer require your personal information, we will take reasonable steps to destroy it in a secure manner.

HOW LONG WE HOLD YOUR PERSONAL DATA FOR

We will only hold your personal information for as long as necessary to fulfil the purposes we collected it for.

To determine the appropriate retention period for personal data, we consider the amount, nature, and sensitivity of the personal data, the potential risk of harm from unauthorised use or disclosure of your personal data, the purposes for which we process your personal data and whether we can achieve those purposes through other means, and the applicable legal requirements. We will retain any special category personal data collected in connection with an accident or injury suffered at one of our venues (as described above) for a period of three years for the purposes of dealing with any resulting legal claims and for the purposes of complying with our statutory reporting obligations (or such longer period as may be required by law).

In some circumstances we may anonymise your personal data (so that it can no longer be associated with you) in order to develop our business methods and strategy or for research or statistical purposes, in which case we may use this information indefinitely without further notice to you.

We shall not have any liability whatsoever to you for the deletion of personal data in accordance with our data retention policy.
